PHILIPPINE ARMY
PA-TWG FORWARD TREATMENT UNIT
Fort Andres Bonifacio, Metro Manila**

ATTACHMENT 1 : MULTI CASUALTY PANEL (MCaP) BAG

Item 1: Multi Casualty Panel Bag (MCaP Bag)	
Quantity:	One (1) bag
Features:	Constructed of durable 500 Denier Nylon Sand & water-resistant zipper with silent cord pulls
	With various see-through pouches for medical supplies
Color:	Olive drab
Weight:	Not to exceed 1.5 kg
1ST PANEL (TOP) ASSESSMENT AND AIRWAY	
Item 2: Thermometer, Digital	
Quantity	One (1) pc
Color:	Dark
Features:	Can be used orally, under the arm and rectally Beeps to indicate when peak temperature is reached
	Special tone indicates when temperature is above 99.5 F (37.5 C)
	With easy to read digital LCD display With memory recall of last reading
Shelf Life:	At least 2 years from date of delivery
Item 3: Sphygmomanometer with Stethoscope	
Quantity:	One (1) pair.
Color:	Black or olive drab green
Features:	Sphygmomanometer and stethoscope with 300 mmHg, nylon cuff with artery label and gauge holder
	With latex inflation system
	Bundled with black tubed dual head stethoscope which can be used in conjunction with the BP app by placing under the cuff
Cuff Size:	(±2) 10 in x (±3) 16 in
Certification:	FDA approved
Item 4: Pulse Oximeter, Handheld	
Quantity:	One (1) pc
Dimensions (LxWxH):	(± 0.5) 2 in x (± 0.5) 1.3 in x (±0.5) 1.3 in
Weight:	Not more than 2.5 oz
Feature	With SPO2 and pulse rate that can be read from any angle day or night
	Auto turn off and on with finger insertion and removal
	Easy to see LED
	Can provide not less than 2,500 spot checks or up to one hour of 21 hour of continuous operation

Color	Black/Green
Certification	Certification of air worthiness (or aeromedical certification for use in a helicopter) Complies with ISO 10993-1
Packaging:	With protective carrying case
Shelf Life	At least 4 years from date of final acceptance.
Item 5: LED Head Lamp	
Quantity:	One (1) pc.
Color	Black or olive drab green
Dimensions:	Lamp: 30 (+2) mm x 70 (+2) mm x 34 (+2) mm
Battery case:	95 (+2) mm x 30 (+2) mm x 34 (+2) mm
Light Range	not less than 100 m; w/ up to 400 Lumen
Features:	Aluminum housing lens with homogenous and diffused light With efficient and removable battery with Micro USB charging capability
Shelf Life	At least 2 years from date of delivery
Item 6: Oropharyngeal Airway	
Quantity:	One (1) pc
	Airway ventilation device Sterile and Latex-free 80 - 100 mm
Shelf Life:	At least 2 years from date of final acceptance
Item 7: Nasopharyngeal Airway (w/ lubricant)	
Quantity:	Two (2) pc
Features	Adjustable flange for better fit and increased patient comfort Not easily dislodged during transport Packaged sterile with a conveniently attached surgical lubricant for quick access to facilitate ease of insertion.
Dimensions (LxWxD):	6 in. x 1.6 in. x 0.5 in.
Device size	28 French
Weight:	0.5 oz
Shelf Life:	At least 2 years from date of final acceptance
Item 8: Cricothyroidotomy Kit	
a. Disposable Scalpel	
Quantity	One (1) pc
Size	#10
Features:	Individually foil wrapped, blades With a safety easy detachable cover Disposable units eliminate the need to handle blades providing extra safety for users (single use only) With a carbon steel blade securely attached in a sturdy plastic handle
b. Tracheal Hook	
Quantity	One (1)
Size	4.2 (+0.1)in x 0.5 (+.01) in. x 0.8 (+0.1) in
Features:	Use for maximum access & visualization during an emergency cricothyroidotomy

Handwritten notes:

		Stabilizes the cricoid cartilage for easier insertion of airway tube With stable finger grip
c.	Syringe	
	Quantity	One (1)
	Size	10 cc
	Features:	Clear barrels Precise scale markings With integrated plunger stop latex free
d.	Cricothyroidotomy Tube	
	Quantity	One (1)
	Size	Six (6)
	Features:	Flexible Should have an obturator (guide) Cuffed 6mm diameter Latex free With attached securing strap for the tube upon insertion
e.	Povidone-Iodine Prep pads	
	Quantity	Two (2)
	Size	2 (+1) in x 2 (+1) in
	Features	Sterile packaged mini pads saturated with povidone iodine antiseptic solution individually packed
f.	Alcohol Prep pads	
	Quantity	Two (2)
	Size	2 (+1) in x 2 (+1) in
	Features	sterile packaged mini pads saturated with 70% alcohol antiseptic solution individually packed
g.	Gauze, pad	
	Quantity	Two (2)
	Size	4 (+0.5) in x 4 (+0.5) in
	Features	Sterile gauze Made of absorbent 100% cotton 8 ply/each pack individually packed
h.	Plastic vacuum container	
	Quantity	One (1)
	Features	Sterile secured packaging Identifiable markings for easy opening latex free clear plastic for visualization of contents
Item 9: Needle Chest Decompression Device Kit		
	Quantity	Two (2) set
	Features	Strong, reliable needle/catheter: 10 gauge x 4 in

Product

Set

Page 3. Attachments

Honor. Patriotism. Duty.

	With rugged, easy to open needle/ catheter protective container that is easy identifiable
	Cap less flash chamber for immediate confirmation of needle placement
Shelf Life	At least 2 years from date of final acceptance
Item 10: Chest Seal ,vented, twin- packed	
Quantity	Two (2) pack. (Twin pack)
Dimension (L x W)	(±1) 10 inches x 6 inches
Shape	Oval, round or square
Features	With rigid protection mechanism of the pressure relief valves to prevent clogging and occlusion of air flow during patient movement
	Two chest seal for treatment of entry/exit or multiple penetrating chest wounds
	Adhesive occlusive material, transparent
	NVG Compatible
	Latex free and hypoallergenic
Certification	FDA and CE approved
Shelf Life	At least 5 years from date of delivery
Item 11: Cling Wrap	
Quantity	One (1) pc
Features	Clear, transparent wrap
	BPA free
	Can replace the use of chest seal temporarily
Shelf Life	At least 18 months from date of final acceptance.
2ND PANEL (BLEEDING)	
Item 12: Tourniquet, Tactical	
Quantity	Two (2) sets
Band:	Circumferential range strap holes:(±1)5 in - (±1)35 in
Features	Durable 100% nylon or better material for extreme durability
	Single layer nylon webbing
Rod	Length: (±1) 6 in
Circumference	(±1) 5mm
Feature:	Solid aluminum (or better), lightweight windlass.
Color	Black (All Accessories)
Main Features:	Windlass locking device
	With visible and audible mechanism that will alert the user that he has reached the proper tightness and is securely locked as this will give necessary assurance in a harsh and dangerous environment
	Must at least have 2 countermeasures (attachment and another mechanism) to ensure that tourniquet is stable and secured in case one of the systems will fail.
Certification:	Meets FDA and CE approval; Must be included in the

Handwritten notes:

 - Initials/signature on the right side of the table.

		Committee Tactical Combat Casualty Care (CoTCCC) Recommended Devices and Adjuncts
Item 13: Combat Gauze with Hemostatic Agent		
Quantity:	Two (2) packs	
Dimensions (L x W):	(±1) 6 feet x (±1) 4 in, Z fold	
Features:	Contain non-woven 100% chitosan dressing with no rayon or other textiles as a carrier which may hinder complete absorption by the body and may cause biochemical reaction to the body	
	does not generate heat to eliminate thermal burns contains no nano particles to limit the possibility of cellular/systemic toxicity and its inflammatory effect to the body in the future	
Packaging:	Sterile, waterproof, Tear anywhere packaging	
Certification:	FDA and CE approved, Must be included in the CoTCC recommended devices and adjunct	
Shelf Life:	At least 5 years from date of delivery	
Item 14: Bandage, Field Dressing, 4 inches		
Quantity:	Two (2) packs	
Dimensions (W x L) Bandage:	(±1) 4 inches x (±2) 13 feet	
Pad:	(±0.5) 4 inches x (±1) 7 inches	
Color:	Olive drab	
Features:	Sterile non-adherent pad	
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection	
	With built in direct pressure mechanism that can apply force on the bleeding site to aid in stopping the bleeding. This will minimize the need to look for alternative measures	
	With a controlled release-mechanism to prevent sudden unraveling which may contribute contamination via the dressing touching the floor	
	Vacuum sealed	
Certification:	FDA and CE approval	
	Designated with NATO reference Numbers	
Shelf Life:	At least 7 years from date of delivery	
Item 15: Bandage, Field Dressing, 4 inches, expandable		
Quantity:	Two (2) packs	
Width:	(±0.5) 4 inches	
Color:	Olive drab	
Features:	Expandable non-adhering sterile pads that is versatile enough to fit any wound site, thereby eliminating the need for two types of bandages instead of one.	
	With detachable sterile pad and folded gauze that will ensure multiple uses and rapid accessibility in one dressing.	
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection

Item No. 21 : Tactical Traction Splint	
Quantity	One (1) set
Description	Compact and lightweight
	Could be adjusted to fit an adult and child's legs
	Traction adjustment is accessible at the patient's hip
	Radiolucent
Certification	CE and NATO certified
3rd PANEL (CIRCULATION AND OTHER DISABILITY)	
Item 22: Burn Dressing 4"	
Quantity:	Two (2) pieces
Dimensions (L x W):	(±.5) 4 in x (±.5) 4 inches (2 piece)
	(±.5) 4 in x (±.5) 16 inches (2 piece)
Features:	Sterile clear (not opaque) gelatinized water-soaked dressing provides controlled cooling by convection not by evaporation
	Impermeable to bacteria
	Can absorb heat in excess of 2000 degrees
	Does not affect core body temperature or contribute to hypothermia
Item 23: Burn Dressing 6"	
Quantity:	Two (2) pieces
Dimensions (L x W):	(±.5) 6 in x (±.5) 4 inches (2 piece)
	(±.5) 6 in x (±.5) 16 inches (2 piece)
Features:	Sterile clear (not opaque) gelatinized water-soaked dressing provides controlled cooling by convection not by evaporation
	Impermeable to bacteria
	Can absorb heat in excess of 2000 degrees
	Does not affect core body temperature or contribute to hypothermia
Certification:	FDA and CE approved
Shelf Life	At least 5 years from date of delivery
Item 24: Splint, malleable	
Quantity:	Two (2) pc
Dimensions (LxW)	(±1) 36 in x (±1) 4.25 in
Weight:	not more than 5 oz
Features:	Made of soft aluminum with polyethylene closed foam coating
	Could readily mold according to the contour of extremities
	Does not cause friction to skin, stable
	Radiolucent
Shelf Life	Reusable, Easy to clean 5 years after delivery
Item 25: Bandage, muslin, triangular	
Quantity	20 pcs.

Attachments By 2028, a world-class Army that is a source of national pride.

Size:	37 in. x (±2) 37 in. x (±2) 52 in
Color:	Olive drab
Material:	Made of muslin cloth with two (2) safety pins
Packaging:	Re-sealable transparent plastic wrap
Item 26 : Eye shield, rigid	
Quantity:	Two (2) pcs.
Features:	Made of rigid, shatterproof polycarbonate that will be safe to wounded eye with holes that allow air circulation Accommodates either eye Meets TCCC treatment protocols for penetrating eye trauma.
Shelf Life:	3 years after delivery
Item 27: Shears EMT Trauma 3"	
Quantity:	One (1) pc.
Weight:	(±2) 54 gms
Features:	Soft-grip, non-slip contoured handles for maximum control and comfort. High-grade stainless steel with precision sharpness
Shelf Life:	At least 3 years from date of delivery.
Item 28: Surgical Tape 2 inches	
Quantity:	Four (4) roll.
Dimensions (LxW):	(±5) 10 yards (±0.5) 2 inches
Color:	Tan
Features:	Paper, hypoallergenic tape
Shelf Life:	At least 2 years from date of delivery
Item 29: Zinc Oxide Plaster adhesive 4 inches	
Quantity:	Two (2) pcs
Dimension (WxL):	(±.5) 4 inches (±0.2) 10 yards.
Color:	Tan
Features:	With a zinc oxide-based adhesive With minimal trauma to the patient's skin when removed Waterproof and washable with soap and water Maximum adhesion when it reached body temperature, without getting stickier or breaking down over time Adheres to wet, oily or hairy skin
Shelf Life:	At least 2 years from date of delivery
Item 30: Mini Duct Tape	
Quantity:	Two (2) pcs
Dimension (WxL):	(±.5) 2 inches (±0.10) 15 feet
Features:	Black, adhesive rubber
Shelf Life:	At least 2 years from date of delivery.
Item 31: IV Starter Set with Saline lock	
Quantity:	Eight (8) sets
Content	
a. IV Catheter	
Quantity:	One (1)
Size:	2 in, 1.25 in, 1 in, 0.75 in
Needle length:	2.5"

	Features:	Has a Sharp bevel, thin-walled inner needle assures an easy puncture Color-coded (green) translucent catheter hub allows simple identification of catheter size and detection of blood flashback. Visible under ultrasound Made of polyurethane material
b. IV Tubing	Quantity	One (1)
	Length:	>60 inches
	Features	with Y-sites and clamps Latex free Sharp and easy piercing non vented spike"
c. Prefilled 0.9 NACL	Quantity	One (1)
	Feature:	Ready-to-use sterile pre-filled flush syringes containing sodium chloride (NaCL) 0.9% for flushing Has a sterile 10mL syringe Syringe content is sterile, non-toxic and non pyrogenic"
d. Saline lock extension tubing	Quantity	One (1)
	Size:	< 20.5 cm
	Features	An extension IV tubing with re-sealable injection port with tube clamp sterile, non-toxic and non pyrogenic"
e. Alcohol Prep pads	Quantity:	2 pcs
	Size:	2 (+1) in x 2 (+1) in
	Features:	Sterile packaged mini pads saturated with 70% alcohol Antiseptic solution Individually packed
f. Transparent dressing	Quantity	One (1)
	Size:	3 (+.5) in x 2 (+2) in
	Features	Transparent, waterproof, breathable IV dressing Sterile: with 2 secural strips and label Individually packed
g. Pouch container	Quantity	One (1)
	Size:	7 (+.5) in x 5 (+2) in
	Features	Transparent; easy to open with zip lock
Item 32 Two (2) pieces Rubber Tourniquet Flat (shared by all sets		
	Quantity	2 pcs
	Length	6 inches (L) x 1 inch (W)
Item 33: Hot/Cold Packs		
	Quantity:	Two (2) set
	Dimensions (WxL)	(±.5) 3 in x (±.5) 6 in
	Features:	Moist heat packs are a simple and effective method of applying moist heat.

	Can at least can provide 30 minutes of therapeutic moist heat.
	Can be heated in water, stove top or in a microwave
	Can be placed in a freezer hot for cold pack application
	Stay soft and flexible when frozen
	Uses nontoxic, biodegradable formula
Certification	FDA approved
Shelf Life	At least 3 years from date of final acceptance
Material	Nylon/Gel Convenient
Item 34: Oral Rehydration Salts	
Quantity	Ten (10) sachets
Feature	Individually packed in powdered form
Certification:	FDA approved
Shelf Life	At least 18 months from date of final acceptance
Item 35: Sterile Strips 6/packs	
Quantity	Two(2) packs. (6pcs/pack)
Dimensions (WxL):	(±1) 2 in x (±1) 3 in
Features	Sterile breathable adhesive strips easy to handle without spilling the hydrogel hypo allergenic and latex-free
Certification:	FDA and CE approved
Shelf Life	3 years after delivery
Item 36: Antiseptic Swabs 10/pack	
Quantity:	10 packs (10 pcs/pack)
Dimensions:	2 (+1) in x 2 (+1) in
Features:	Sterile antiseptic solution for wound care individually packaged mini pads saturated with antiseptic solution
Shelf Life	At least 2 years from date of delivery.
Item 37: Hypothermia Blanket	
Quantity:	One (1) set.
Features:	Insulating blanket Waterproof and windproof Synthetic material construction Compact and lightweight
Dimension (LxW):	(±10) 55 in x (±10) 80 in
Shelf Life:	2 years after delivery
Item 38: Casualty Card	
Quantity:	25 pcs.
Size (H x W):	(±1) 6 in x (±0.5) 4.5 in
Feature:	Identification card for casualties
Item 39: Triage Card	
Quantity	25 pcs
Features	Universal standard Water proof With easy attachment mechanism
Item 40: Permanent Marker, small	
Quantity:	One (1) pc
Color:	Black
Features:	Fine point permanent marker, industrial grade

Item 40: Gloves, Nitrile	
Quantity:	Ten (10) pairs.
Size:	7
Color:	Blue
Material:	Latex free and hypoallergenic
Shelf Life:	At least 2 years from date of delivery
Item 41: Combat Pill Pack Container	
Quantity:	One (1) pc
Features:	Water resistant and crush proof
	With adjustable partitions to accommodate different capsules and tablets
Color:	Olive drab
Dimension (WxL):	(±2) 5 in x (±2) 7 in
Weight:	not more than 10 oz
Item 43: Plasma/Volume Expander, 500ml bottle	
Quantity:	Two (2) bottles
Features:	Colloids component
	Clear, transparent, no residue
Component:	In 500 ml volume/container
	With IV tubing (macroset) and needle attached
Shelf Life:	3 years upon delivery
Item 44: Plain Lactated Ringers Intravenous Fluid, 500ml bottle	
Quantity:	Four (4) bottle.
Features:	Lactated Ringer's Injection, USP is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment.
Component:	in a 500ml PL 146 Plastic container
	With IV tubing (macroset) and needle attached
Shelf Life:	2 years after delivery
Item 45: Plain Normal Saline Intravenous Fluid, 500ml bottle	
Quantity:	Two (2) bottle
	Normal saline solution is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment
Component:	in a 500ml PL 146 Plastic container
	With IV tubing (macroset) and needle attached
Shelf Life:	2 years after delivery

Page 13. Attachments

Honor. Patriotism. Duty.

Features:	Disposable supraglottic airway designed for positive pressure ventilation as well as for spontaneously breathing patients.
	Allows smooth insertion with minimal movement of the head in an average time of less than 10 seconds
	Non inflatable, gel-filled cuff instead of air-filled cuff eliminates the need for pressure monitoring during flight
	With reliable connector to any standard size catheter mount or connection
	With gastric channel that provides an easy warning of regurgitation and allows for the passing of nasogastric tube to empty the stomach contents and facilitates venting
	With clearly displayed and easy confirmation of optimum insertion depth
	With integral bite block that reduces possibility of airway channel occlusion
	With clearly displayed confirmation of size and weight guidance
Packaging:	sterile and recyclable; with water-based lubricant included
Certification:	FDA and CE approved, must be included in the CoTCC recommended Devices and Adjunct
Shelf Life	At least 3 years from date of final acceptance
Item 6: Suction Device, portable	
Quantity	One (1)
Features	provide a vacuum force of approximately 100mmHg generated by the rebound of the bulb after each squeeze-with a clear collection bag (1000mls capacity) which is attached to the outlet port.
Item 7: Needle Chest Decompression Device Kit	
Quantity:	One (1) set
Feature:	Needle/catheter: 10 gauge x 4 in.
	With rugged, easy to open needle/ catheter protective container that is easy identifiable
	Cap less flash chamber for immediate confirmation of needle placement
Certification:	FDA and CE approved
Shelf Life	At least 2 years from date of final acceptance.
Item 8: Chest Seal	
Quantity:	Two (2) packs. (Twin pack)
Dimension (LxW):	(±1) 10 inches x 6 inches
Shape:	Oval, round or square
Features:	With rigid protection mechanism of the pressure relief valves to prevent clogging and occlusion of air flow during patient movement

QTY

Dimensions: L x W	(±1) 6 feet x (±1) 4 inches, Z fold
Features:	Contain non-woven 100% chitosan dressing with no rayon or other textiles as a carrier which may hinder complete absorption by the body and may cause biochemical reaction to the body later on does not generate heat to eliminate thermal burns contains no Nano particles to limit the possibility of cellular/systemic toxicity and its inflammatory effect to the body in the future
Packaging:	Sterile, waterproof Tear anywhere packaging
Certification:	FDA and CE approved, must be included in the CoTCCC recommended Devices and Adjuncts
Shelf Life	At least 5 years from date of delivery
Item 13: Bandage, Field Dressing, 4"	
Quantity:	Two (2) packs.
Dimensions(W x L):	Bandage: (±1) 4 inches x (±2) 13 feet Pad: (±0.5) 4 inches x (±1) 7 inches
Color:	Olive drab
Features:	Sterile non-adherent pad Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection With built in direct pressure mechanism that can apply force on the bleeding site to aid in stopping the bleeding With a controlled release-mechanism to prevent sudden unraveling which may contribute contamination via the dressing touching the floor Vacuum sealed
Certification:	FDA and CE approval Designated with NATO reference Numbers
Shelf Life	At least 7 years from date of delivery
Item 14: Bandage, Field Dressing, 4 "with expandable pads	
Quantity	Two (2) packs
Width:	(±0.5) 4 inches
Color:	Olive drab
Features	Expandable non adhering sterile pads that is versatile enough to fit any wound site, thereby eliminating the need for two types of bandages instead of one With detachable sterile pad and folded gauze that will ensure multiple uses and rapid accessibility in one dressing Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection With built in direct pressure mechanism that can apply force on the bleeding site to aid in stopping the bleeding

	With a controlled release-mechanism to prevent sudden unraveling which may contribute contamination via the dressing touching the floor
	Vacuum sealed
Certification	FDA and CE approval
	Designated with NATO reference Numbers
Shelf Life	At least 7 years from date of delivery
Item 15: Bandage, Field dressing, abdominal	
Quantity:	One (1) pack
Width:	(±0.5) 12 inches
Weight:	not more than 165 gms
Color:	Olive drab
Features:	Sterile, non-adherent pad with removable moisture seal for covering exposed organs
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection
	No pressure mechanism - to ensure gentle treatment of exposed organs
	Compact and lightweight
	Vacuum sealed
Certification:	FDA and CE approval
	Designated with NATO reference Numbers
Shelf Life	At least 8 years from date of delivery
Item 16: Gauze, sponge Sterile	
Quantity	12 packs (6 pcs/pack).
Size(LxW)	4 inches x 4 inches
	Sterile gauze
Features:	Made of absorbent 100% cotton, 8 ply
	With re-sealable transparent plastic wrap
Shelf Life	At least 2 years from date of delivery
Item 17: Elastic Bandage 4"	
Quantity:	Four (4) pack
Size (L x W):	(±1) 4 inches x (±10) 60 inches
Color:	Tan
Features:	Polyester, cotton weave
	Breathable, non latex containing
Shelf Life:	At least 2 years from date of delivery
Item 18: Elastic Bandage 6"	
Quantity:	Two (2) pack.
Size (L x W):	(±1) 6 inches x (±10) 60 inches
Color:	Tan
Features:	Polyester, cotton weave
	Breathable, non latex containing
Shelf Life	At least 2 years from date of delivery
Item 19: Burn Dressing 4"	
Quantity:	Two (2) pieces
	Sterile clear (not opaque) gelatinized water-soaked dressing
Features:	Provides controlled cooling by convection not by evaporation
	Impermeable to bacteria

	Can absorb heat in excess of 2000 degrees
	Does not affect core body temperature or contribute to hypothermia
	Certification: FDA and CE approved
	Shelf Life: At least 5 years from date of delivery
Item 20 : Burn Dressing 6"	
	Quantity: Two (2) pieces
	Features: Sterile clear (not opaque) gelatinized water-soaked dressing
	Provides controlled cooling by convection not by evaporation
	Impermeable to bacteria
	Can absorb heat in excess of 2000 degrees
	Does not affect core body temperature or contribute to hypothermia
	Certification: FDA and CE approved
	Shelf Life: At least 5 years from date of delivery
Item 21: IV Starter Set with Saline lock	
	Quantity: Four (4) sets
	Content:
A. IV Catheter	
	Quantity: One (1)
	Size: 2 in, 1.25 in, 1 in, 0.75 in;
	Needle length: 2.5"
	Features: Has a Sharp bevel, thin-walled inner needle assures an easy puncture
	Color-coded (green) translucent catheter hub allows simple identification of catheter size and detection of blood flashback
	Visible under ultrasound
	Made of polyurethane material."
B. IV Tubing	
	Quantity: One (1)
	Length: >60 inches
	Features: with Y-sites and clamps
	Latex free
	Sharp and easy piercing non vented spike
C. Prefilled 0.9 NACL	
	Quantity: One (1)
	Feature: Ready-to-use sterile pre-filled flush syringes containing sodium chloride (NaCl) 0.9% for flushing
	Has a sterile 10mL syringe
	Syringe content is sterile, non-toxic and non pyrogenic"
D. Saline lock extension tubing	
	Quantity: One (1)
	Size: < 20.5 cm
	Features: An extension IV tubing with re-sealable injection port with tube clamp
	sterile, non-toxic and non pyrogenic
E. Alcohol Prep pads

Features:	Colloids component
	Clear, transparent, no residue
Component	In 500 ml volume/ PL 146 plastic container
	With IV tubing (macroset) and needle attached
Shelf Life	3 years upon delivery
Item 27: Plain Lactated Ringers 500ML	
Quantity	One (2) bottle.
Features:	Lactated Ringer's Injection, USP is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment
Component	In a 500ml PL 146 plastic container
	With IV tubing (macroset) and needle attached
Shelf Life	2 years after delivery
Item 28: Plain Normal Saline Solution 500ML	
Quantity:	Two (2) bottle
Feature:	Normal saline solution is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment
Component:	In a 500ml PL 146 plastic container
	With IV tubing (macroset) and needle attached
Shelf Life	2 years after delivery
Item 29: Hypothermia Blanket	
Quantity:	One (1) set
Features:	Insulating blanket
	Waterproof and windproof
	Polyester construction
	Compact and lightweight
Dimension (LxW):	(±10) 55 in x : (±10) 80 in
Shelf Life:	2 years after delivery
Item 30: Splint, malleable	
Quantity:	Two (2) pc
Dimensions (LxW):	(±1) 36 in x : (±1) 4.25 in
Weight:	not more than 5 oz
Features:	Made of soft aluminum with polyethylene closed foam coating
	Could readily mold according to the contour of extremities
	Does not cause friction to skin, stable
	Radiolucent
	Reusable, Easy to clean
Shelf Life	5 years after delivery
Item 31: Bandage, Muslin, triangular	
Quantity	Six (6) pcs
Size	(±2) 37 in. x (±2) 37 in. x (±2) 52 in
Color:	Olive drab
Material:	Made of muslin cloth with two (2) safety pins
Packaging:	Re-sealable transparent plastic wrap
Item 32: Eye shield, rigid	
Quantity:	Two(2) pcs

just below

of

Page 20. Attachments

Honor. Patriotism. Duty.

Features	Made of rigid, shatterproof polycarbonate that will be safe to wounded eye
	With holes that allow air circulation
	Polyester construction
	Accommodates either eye
	Meets TCCC treatment protocols for penetrating eye trauma.
Shelf Life:	3 years after delivery
Item 33: Sterile Wound Strips	
Quantity:	Two(2) packs. (6pcs/pack)
Dimensions: W x L	Assorted : (±1) 2 in x : (±1) 3 in
Features:	Sterile breathable adhesive strips
	Easy to handle without spilling the hydrogel
	Hypo allergenic and latex-free
Certification:	FDA and CE approved
Shelf Life:	3 years after delivery
Item 34: Antiseptic Swabs	
Quantity:	two (2) packs (10 pcs/pack)
Dimensions:	Size: 2 (+1) in x 2 (+1) in
Features:	Sterile antiseptic solution for wound care
	Individually packaged mini pads saturated with antiseptic solution
Shelf Life	At least 2 years from date of delivery
Item 35: Hot/Cold Packs	
Quantity:	Two (2) set
Dimensions (WxL):	(±.5) 3 in x : (±.5) 6 in
Features:	Moist heat packs are a simple and effective method of applying moist heat.
	Can at least can provide 30 minutes of therapeutic moist heat.
	Can be heated in water, stove top or in a microwave
	Can be placed in a freezer hot for cold pack application
	Stay soft and flexible when frozen
	Uses non toxic, biodegradable formula
Certification	FDA approved
Shelf Life:	At least 3 years from date of final acceptance
Material	Nylon/Gel Convenient
Item 36: Minor Surgery Set	
Quantity:	One (1) set
A. Mosquito Artery Forceps	
Qty:	5 pcs
Size:	5 inches
Features:	straight surgical stainless steel

	With adjustable partitions to accommodate different oral medications, vials and other critical medications
	Keeps medication secure, safe and accessible during tactical situations
	non-rusting, high impact material
Color	Olive drab
Dimension	10 (±2) in x : 7 (±2) in x 3 (±1) in
Weight:	not more than 12 oz
Item 38: Combat Pill Pack Container	
Quantity:	One (1) pc
Feature	Water resistant and crush proof
	With adjustable partitions to accommodate different capsules and tablets
Color:	Black/Green
Dimension (W x L)	(±2) 5 in x : (±2) 7 in
Weight	not more than 10 oz
Item 39: Oral Rehydration Salts	
Quantity	Ten (10) sachets
Features:	Individually packed in powdered form
Certification	FDA approved
Shelf Life	At least 18 months from date of final acceptance.
Item 40: Pen Light	
Quantity	One (1) pc.
Weight:	not more than 40 gms
Dimension: Lx D	5 (+1) in x 0.75 (+0.25) in
Lowest Setting	0.4 lumens (firefly mode)
Highest Setting	up to 300 lumens
Color:	Silver or Dark
Features:	Aluminum body can withstand impact from a fall of 6 ft
	Durable, light weight, compact, waterproof with stainless steel pocket clip
	Must have three mode setting
	Firely: 0.75 (+0.5) Lumen)
	Low: 32 (+5) lumen
	High: up to 300 lumen
	Powered by 2 AAA batteries
	LED : Cree XP-L-V6 flashlight with a life span of 20+ years
Item 41: Digital Thermometer	
Quantity	One (1) pc
Color:	Dark
Features	Can be used orally, under the arm and rectally
	Beeps to indicate when peak temperature is reached special tone indicates when temperature is above 99.5 F (37.5)
	With easy to read digital LCD display
	With memory recall of last reading
Shelf Life	At least 2 years from date of delivery
Item 42: Sphygmomanometer with Stethoscope	

Page 23. Attachments

Honor. Patriotism. Duty.

Attachments By 2028, a world-class Army that is a source of national pride.

Quantity	One(1) pair
Color	Black or olive drab green
Features:	Sphygmomanometer and stethoscope with 300 mmHg, nylon cuff with artery label and gauge holder with latex inflation system bundled with black tubed dual head stethoscope which can be used in conjunction with the BP app by placing under the cuff.
Cuff Size	(±2) 10 in x : (±3) 16 in
Certification	FDA approved
Item 43: Handheld Pulse Oximeter	
Quantity:	One (1) pc
Dimensions (LxWxH):	(± 0.5) 2 in x : (± 0.5) 1.3 in x : (±0.5) 1.3 in
Weight:	Not more than 2.5 oz
Features:	With SPO2 and pulse rate that can be read from any angle day or night Accommodates a wide range of finger thickness, 8-26 mm (.3 in - 1 in) Auto run off and on with finger insertion and removal Easy to see LED Can provide not less than 2,500 spot checks or up to one hour of 21 hour of continuous operation
Color:	Black/Green
Certification:	Certification of air worthiness (or aeromedical certification for use in a helicopter)
Packaging:	Complies with ISO 10993-1
Shelf Life:	With protective carrying case At least 4 years from date of final acceptance
Item 44: Head Lamp	
Quantity:	One (1) pc.
Color:	Black or Olive drab green
Dimensions:	Lamp: 30 (+2) mm x 70 (+2) mm x 34 (+2) mm
Battery case:	95 (+2) mm x 30 (+2) mm x 34 (+2) mm
Light Range:	not less than 100 m; w/ up to 400 Lumen
Features:	Aluminum housing lens with homogenous and diffused light With efficient and removable battery with Micro USB Charging capability
Shelf Life	At least 2 years from date of delivery
Item 45: Individual Portable Aqua Filter	
Quantity:	One (1) set.
Color:	Olive drab/PHILARPAT
Dimensions (LxW):	(±.5) 5 inches (±.5) 1 inch
Weight:	(±.5) 2 oz
Filter material:	Hollow fiber membrane hat can filter up to .01 micron
Cartridge Life:	Up to 100,000 gallons

Compatibility	Water bottles, inline, straw, hydration packs, drinking pouch
	Removes: 7 log of all bacteria 6 log of all protozoa, E coli, giardia, vibrio cholorea, Salmonella typhi
Cleaning maintenance	Back flushable, no other consumables needed
Certification Compliance	Environmental Protection Agency (EPA) approval
Item 46: 20% Picaridin Topical Insect Repellant	
Quantity:	One (1) bottle
Size:	3 oz spray
Color:	Black or dark color
Active Ingredient	20% Picaridin or Icaridin
Effectiveness:	Up to 12 hours of protection
Features	Effective against mosquitoes, ticks, biting flies, gnats, chiggers and fleas Will not harm gear or equipment
Certification:	EPA approval
Shelf Life:	At least 10 years from date of delivery
Item 47: Permanent Marker	
Quantity:	One (1) pc.
Color	Black
Features:	Fine point permanent marker, industrial grade Write on almost any surface like glass, wood, stone, plastic, metal, paper and human skin Water-proof, smear-proof, fade-resistant ink that dries quickly
Shelf Life	At least 2 years from date of delivery
Item 48: Casualty Card	
Quantity:	25 pcs
Size (HxW)	(±1) 6 in x (±0.5) 4.5 in
Feature	Identification card for casualties
Item 49: Triage Card	
Quantity	25 pcs
Features	Universal standard Water proof With easy attachment mechanism

ATTACHMENT 3: SURVIVAL BAG

ITEM	DESCRIPTION
1. Tent	
Functionality	Compact, Easy assembly ,a two-pole, one-door compact tent; not less than 2.4m long and 0.9m wide Weather proof
2. Sleeping pack	
Functionality	compact, could be rolled lightweight durable with soft insulation with built in mosquito net to protect the face/extremities not less than 2.4m long and 0.9m wide
3. Backpack with chair	
Durability	Stable aluminum frame with sturdy Chair integrated to the bag that could carry minimum 150 lbs weight
Functionality	could carry maximum of 25 volume weight With extendable side pockets for other storage
Materials	made of Nylon
Weight	Weight: (+) 1.120 g
Seat area	Approx. 26 x 22 cm, height approx. 45 cm
Color	Olive drab Green
4. Compass	
Functionality	-a contact edge with scale management: (1:50,000) -with revolving scale with graduation -features the azimuth -With attached magnifying glass -Could be folded
Durability	
Measurement	(Closed) (+)7.5x5.6x2.8cm (3x2.2x1in)
5. Signal mirror	
Functionality	-With hardened glass mirror could easily slips in pockets or hang -It has instructions on how to use, on the back side of the device
Durability	-Does not easily break
Dimensions	(+)7.7x5x0.6cm (3x2x0.2in)
6. Mess kit (set)	
Functionality	- durable and lightweight -Could easily fits any compartment in a bag -BPA free plastic

ATTACHMENT 4: COMBAT MEDICAL AIDMAN KIT

Item 1: Combat Medical Aid Man Kit, Bag	
Quantity	One (1) bag
Features	Padded shoulder straps to distribute load over a larger area for comfortable carry
	Constructed of durable 500 Denier Nylon or better
	Sand & water-resistant zipper with silent cord pulls.
	The adjustable shoulder and sternum straps make for a comfortable fit.
	Must have removable color coded compartments inside for easier identification
Color:	PHILARPAT
Weight	Not to exceed 500 gms
Item 2: Oropharyngeal Airway	
Quantity	One (1) pc
Features	Sterile and Latex-free
Size:	80 - 100 mm
Shelf Life	At least 2 years from date of final acceptance
Item 3: Nasopharyngeal Airway (w/ lubricant)	
Quantity	One (1) pc
Features	Adjustable flange for better fit and increased patient comfort
	Not easily dislodged during transport.
	Packaged sterile with a conveniently attached surgical lubricant for quick access to facilitate ease of insertion.
Dimensions (L x W x D):	6 in. x 1.6 in. x 0.5 in.
Device size:	28 French
Weight	0.5 oz
Shelf Life	At least 2 years from date of final acceptance.
Item No. 4 Suction Device, portable	
Quantity:	One (1)
Features	Features provide a vacuum force of approximately 100mmHg generated by the rebound of the bulb after each squeeze-with a clear collection bag (1000mls capacity) which is attached to the outlet port
Item 5: Cricothyroidotomy Kit – One (1) set	
A. Disposable Scalpel	

perkins

Quantity	One (1)
Features	Sterile secured packaging
	Identifiable markings for easy opening
	latex free
	clear plastic for visualization of contents
Item 6: Needle Chest Decompression Device Kit	
Quantity	One (1) set
Features:	Sterile, needle/catheter (10 gauge x 4 in.)
	With rugged, easy to open needle/ catheter protective container that is easy identifiable
	Cap less flash chamber for immediate confirmation of needle placement
Shelf Life:	At least 2 years from date of final acceptance
Item 7: Chest Seal	
Quantity:	Two (2) packs (Twin pack)
Dimension (L x W):	(±1) 10 inches x 6 inches
Shape:	Oval, round or square
Feature	With rigid protection mechanism of the pressure relief valves to prevent clogging and occlusion of air flow during patient movement.
	Two chest seal for treatment of entry/exit or multiple penetrating chest wounds
	Adhesive occlusive material, transparent
	Latex free and hypoallergenic
	NVG compatible
Certification:	FDA and CE approved
Shelf Life	At least 5 years from date of delivery
Item 8: Cling Wrap	
Quantity:	One (1) pc.
Features	Clear, transparent wrap
	BPA free
	Can replace the use of chest seal temporarily
Shelf Life:	At least 18 months from date of final acceptance
Item 9: Bag Valve Mask, Tactical	
Quantity:	One (1) set
Contents	Bag, mask, patient valve, reservoir bag and 2cm Oxygen drive line
Features	Requires minimum pressure for compression and quickly recovers shape
	Textures grip to prevent slippage
	Connections gas inlet tube 15mm length x 6mm
Certification:	FDA and CE approved
Shelf Life	At least 3 years from date of delivery
Item 10: Tactical Tourniquet	
Quantity:	One (1) set

Attachments *By 2028, a world-class Army that is a source of national pride.*

Feature	Durable 100% nylon (or better) material for extreme durability
	Single layer nylon webbing
Rod:	Length: (±1) 6 in
	Circumference: (±1) 5mm
Feature:	Solid aluminum (or equivalent), lightweight windlass
Color:	Black (All Accessories)
General Features	Windlass locking device.
	With visible and audible mechanism that will alert the user that he has reached the proper tightness and is securely locked.
	Must at least have 2 countermeasures (attachment strap and another mechanism) to ensure that tourniquet is stable and secured in case one of the systems will fail.
Certification	FDA and CE approval; must be included in the CoTCCC recommended Devices and Adjuncts
Item No. 11 : Junctional Tourniquet	
Quantity	One (1) pc
Color	Black
Features:	Pelvic Immobilization
	Control Inguinal Hemorrhage
	Control Axilla Hemorrhage
	Lightweight (450 to 500 grams)
	Non-invasive
Certification:	FDA and CE approval; must be included in the CoTCCC recommended Devices and Adjuncts
Item 12: Combat Gauze with Hemostatic Agent	
Quantity:	Two (2) packs
Dimensions (LxW):	(±1) 6 feet x (±1) 4 inches, Z fold
Features:	Contain non-woven 100% chitosan dressing with no rayon or other textiles as a carrier which may hinder complete absorption by the body and may cause biochemical reaction to the body later on
	Does not generate heat to eliminate thermal burns
	Contains no Nano particles to limit the possibility of cellular/systemic toxicity and its inflammatory effect to the body in the future
Packaging:	Sterile, waterproof
	Tear anywhere packaging
Certification	FDA and CE approved, must be included in the CoTCCC Recommended Devices and Adjunct
Shelf Life	At least 5 years from date of delivery
Item 13: Bandage, Field Dressing, 4"	
Quantity:	Two (2) packs
Dimensions (WxL) Bandage	(±1) 4 inches x (±2) 13 feet
Pad:	(±0.5) 4 inches x (±1) 7 inches

Color:	Green
Features:	Sterile non-adherent pad
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection
	With built in direct pressure mechanism that can apply force on the bleeding site to aid in stopping the bleeding
	With a controlled release-mechanism to prevent sudden unraveling which may contribute contamination via the dressing touching the floor
	Vacuum sealed
	FDA and CE approval
Designated with NATO reference Numbers	
Shelf Life	At least 7 years from date of delivery
Item 14: Bandage, Field Dressing, 4 " with expandable pads	
Quantity	Two (2) packs
Width	(±0.5) 4 inches
Color:	Olive drab
Features:	Expandable non adhering sterile pads that is versatile enough to fit any wound site, thereby eliminating the need for two types of bandages instead of one
	With detachable sterile pad and folded gauze that will ensure multiple uses and rapid accessibility in one dressing
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection
	With built in direct pressure mechanism that can apply force on the bleeding site to aid in stopping the bleeding
	With a controlled release-mechanism to prevent sudden unraveling which may contribute contamination via the dressing touching the floor
	Vacuum sealed
Certification:	FDA and CE approval
Designated with NATO reference Numbers	
Shelf Life:	At least 7 years from date of delivery
Item 15: Bandage, Field dressing, abdominal	
Quantity:	One (1) pack
Width	(±0.5) 12 inches
Weight	not more than 165 gms
Color	Olive drab
Features	Sterile, non-adherent pad with removable moisture seal for covering exposed organs
	Elastic dressing which maintains pad pressure firmly in place and lowers risk of infection
	No pressure mechanism - to ensure gentle treatment of exposed organs

Honor. Patriotism. Duty.

Shelf Life:		At least 5 years from date of delivery
Item No. 21 : Traction Splint, tactical		
Description	Compact and lightweight	
	Could be adjusted to fit an adult and child's legs	
	Traction adjustment is accessible at the patient's hip	
	Radiolucent	
Quantity	One (1) set	
Certification	CE and NATO certified	
Item 22: IV Starter Set with Saline lock		
Quantity:	Four (4) sets	
Contents:		
A. IV Catheter		
Quantity	One (1)	
Size:	2 in, 1.25 in, 1 in, 0.75 in	
Needle length	2.5"	
Features:	Has a Sharp bevel, thin-walled inner needle assures an easy puncture.	
	Color-coded (green) translucent catheter hub allows simple identification of catheter size and detection of blood flashback.	
	Visible under ultrasound	
	Made of polyurethane material."	
B. IV Tubing		
Quantity	One (1)	
Length:	>60 inches	
Features	With Y-sites and clamps	
	Latex free	
C Prefilled 0.9 NACL		
Quantity	One (1)	
Feature:	Ready-to-use sterile pre-filled flush syringes containing sodium chloride (NaCL) 0.9% for flushing	
	Has a sterile 10mL syringe	
	Syringe content is sterile, non-toxic and non pyrogenic	
D Saline lock extension tubing		
Quantity	One (1)	
Size:	< 20.5 cm	
Features:	An extension IV tubing with re-sealable injection port with tube clamp sterile, non-toxic and non-pyrogenic"	
E Alcohol Prep pads		
Quantity:	Two (2) pcs	
Size	2 (+1) in x 2 (+1) in	
Features:	Sterile packaged mini pads saturated with 70% alcohol	
	Antiseptic solution	
	Individually packed"	
F Transparent dressing

	Size	3 (+.5) in x 2 (+2) in
	Features	Transparent, waterproof, breathable IV dressing
		Sterile; with 2 secural strips and label
		Individually packed
G	Pouch container	
	Quantity	One (1)
	Size	7 (+.5) in x 5 (+2) in
	Features	Transparent; easy to open with zip lock
H	Two (2) pieces Rubber Tourniquet Flat	
Item 23: Shears, EMT Trauma 3 "		
	Quantity:	One (1) pc.
	Dimensions:	Length: (± 5) 7.25 in
	Weight	(± 2) 54 gms
	Features	Soft-grip, non-slip contoured handles for maximum control and comfort High-grade stainless steel with precision sharpness
	Shelf Life	At least 3 years from date of delivery.
Item 24:	Surgical Tape 2 inches	
	Quantity:	Two (2) roll
	Dimensions (L x W):	(± 5) 10 yards (± 0.5) 2 inches
	Color:	Tan
	Features:	Paper, hypoallergenic tape
	Shelf Life	At least 2 years from date of delivery
Item 25: Zinc Oxide Plaster adhesive		
	Quantity:	One (1)
	Dimension (W x L):	(± 5) 4 inches (± 0.2) 10 yards.
	Color:	Tan
	Features:	With a zinc oxide-based adhesive With minimal trauma to the patient when removed Waterproof and washable with soap and water Maximum adhesion when it reached body temperature, without getting stickier or breaking down over time Adheres to wet, oily or hairy skin.
	Shelf Life	At least 2 years from date of delivery.
Item 26:	Mini Duct Tape	
	Quantity	One (1)
	Dimension (W x L):	(± 5) 2 inches (± 0.10) 15 feet
	Features:	Black, adhesive rubber
	Shelf Life	At least 2 years from date of delivery.
Item 27: Plasma/Volume Expander		
	Quantity	One (1) bottle
	Features:	Colloids component Clear, transparent, no residue
	Component	In 500 ml volume/ PL 146 plastic container With IV tubing (macroset) and needle attached
	Shelf Life	3 years upon delivery
Item 28:	Plain Lactated Ringers 500ML

Attachments *By 2028, a world-class Army that is a source of national pride.*

Quantity:	two (2) bottle.
Features:	Lactated Ringer's Injection, USP is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment.
Component:	in a 500ml PL 146 Plastic container
	With IV tubing (macroset) and needle attached
Shelf Life:	2 years after delivery
Item 29: Plain Normal Saline Solution 500ML	
Quantity:	Two (2) bottles
Feature:	Normal saline solution is a sterile, non-pyrogenic solution for fluid and electrolyte replenishment.
Component	In a 500ml PL 146 plastic container With IV tubing (macro set) and needle attached
Shelf Life:	2 years after delivery
Item 30: Hypothermia Blanket	
Quantity	One (1) set.
Features	Insulating blanket.
	Waterproof and windproof.
	Synthetic material construction
	Compact and lightweight.
Dimension (L x W):	(±10) 55 in x : (±10) 80 in
Shelf Life	2 years after delivery
Item 31: Splint, malleable	
Quantity	Two (2) pcs
Dimensions (L x W)	(±1) 36 in x : (±1) 4,25 in
Weight:	not more than 5 oz
Features:	Made of soft aluminum with polyethylene closed foam coating
	Could readily mold according to the contour of extremities
	Does not cause friction to skin, stable
	Radiolucent
	Reusable, Easy to clean
Shelf Life:	5 years after delivery
Item 32: Bandage, muslin, triangular	
Quantity:	Six (6) pc
Size:	(±2) 37 in. x (±2) 37 in. x (±2) 52 in
Color:	Olive drab
Material:	Made of muslin cloth with two (2) safety pins
Packaging:	Re-sealable transparent plastic wrap
Item 33: Eye shield, rigid	
Quantity:	One (1) pc.
Features:	Made of rigid, shatterproof polycarbonate that will be safe to wounded eye
	With holes that allow air circulation
	Polyester construction
	Accommodates either eye
	Meets TCCC treatment protocols for penetrating eye trauma
Shelf Life	3 years after delivery
Item 34: Sterile Wound Strips	

Products

Quantity:	Two (2) packs. (6pcs/pack)
Dimensions (W x L):	Assorted (± 1) 2 in x (± 1) 3 in
Features:	Sterile breathable adhesive strips
	Easy to handle without spilling the hydrogel Hypo allergenic and latex-free
Certification:	FDA and CE approved
Shelf Life:	3 years after delivery
Item 35: Antiseptic Swabs	
Quantity:	10 packs (10 pcs/pack)
Dimensions:	Size: 2 (+1) in x 2 (+1) in
Features:	Sterile antiseptic solution for wound care Individually packaged mini pads saturated with antiseptic solution
Shelf Life:	At least 2 years from date of delivery.
Item 36: Hot/Cold Packs	
Quantity:	Two (2) set.
Dimensions (W x L):	(± 5) 3 in x (± 5) 6 in
Features:	Moist heat packs are a simple and effective method of applying moist heat.
	Can at least can provide 30 minutes of therapeutic moist heat.
	Can be heated in water, stove top or in a microwave
	Can be placed in a freezer hot for cold pack application
	Stay soft and flexible when frozen Uses non-toxic, biodegradable formula
Certification:	FDA approved
Shelf Life:	At least 3 years from date of final acceptance.
Material:	Nylon/Gel Convenient
Item 35: Nitrile Gloves	
Quantity:	Four (4) pairs
Size:	7
Color:	Blue colored
Material:	Latex free and hypoallergenic
Shelf Life:	At least 2 years from date of delivery
Item 38: Combat Pill Pack Container	
Quantity:	One (1) pc.
Feature:	Water resistant and crush proof
	With adjustable partitions to accommodate different capsules and tablets
Color:	Black/Green
Dimension (W x L):	(± 2) 5 in x (± 2) 7 in
Weight:	not more than 10 oz
Item 39: Oral Rehydration Salts	
Quantity:	Ten (10) sachets
Feature:	Individually packed in powdered form
Certification:	FDA approved
Shelf Life:	At least 18 months from date of final acceptance
Item 40: Pen Light	
Quantity:	One (1) pc.

Weight:	not more than 40 gms
Dimension (Lx D):	5 (+1) in x 0.75 (+0.25) in
Lowest Setting:	0.4 lumens (firefly mode)
Highest Setting	up to 300 lumens
	Silver or Dark
Features	Aluminum body can withstand impact from a fall of 6 feet
	durable, light weight, compact, waterproof with stainless steel pocket clip
	Must have three mode setting
	Firely: 0.75 (+0.5) Lumen), Low: 32 (+5) lumen
	High: up to 300 lumen
LED:	Cree XP-L-V6 flashlight with a life span of 20+ years
Item 41: Digital Thermometer	
Quantity	One (1) pc.
Color	Dark
Features:	Can be used orally, under the arm and rectally
	Beeps to indicate when peak temperature is reached
	Special tone indicates when temperature is above 99.5 F (37.5)
	With easy to read digital LCD display
	With memory recall of last reading
Shelf Life:	At least 2 years from date of delivery
Item 42: Sphygmomanometer with Stethoscope	
Quantity	One (1) pair.
Color:	Black or olive drab green
Features:	Sphygmomanometer and stethoscope with 300 mmHg, nylon cuff with artery label and gauge holder with latex inflation system
	Bundled with black tubed dual head stethoscope which can be used in conjunction with the BP app by placing under the cuff
Cuff Size	(±2) 10 in x : (±3) 16 in
Certification	FDA approved
Item 43: Handheld Pulse Oximeter	
Quantity	One (1) pc
Dimensions (LxWxH):	(± 0.5) 2 in x : (± 0.5) 1.3 in x : (±0.5) 1.3 in
Weight:	Not more than 2.5 oz
Features	With SPO2 and pulse rate that can be read from any angle day or night
	Accommodates a wide range of finger thickness, 8-26 mm (.3 in - 1 in)
	Auto run off and on with finger insertion and removal
	Easy to see LED
	Can provide not less than 2,500 spot checks or up to one hour of 21 hour of continuous operation
