The evaluation procedure is Quality Cost Based Evaluation Procedure. Only prospective bidders whose eligibility documents/submission been declared as “passed” during the short listing shall be considered for bid evaluation.

The following steps are followed under the QCBE procedure:

1. The BAC evaluates the Technical Proposals of all short listed consultants that submitted bids.
2. The BAC ranks all the Technical Proposals, noting those that have earned ratings above the minimum requirement and those that have not.
3. The BAC sends a formal letter to all consultants whose Technical Proposals earned ratings below the minimum required rating, informing them of their failure to qualify and returning to them their Financial Proposal unopened.
4. The BAC sends a formal letter to all consultants whose Technical Proposals earned at least the minimum required rating, informing them thereof and of the date, time, and venue of the opening of the Financial Proposals. The methodology to be used in the evaluation of the financial proposal shall be described in the BDS.
5. On the day, time and venue set, the BAC opens the Financial Proposals of the qualified consultants in public, and records the proposed prices of each qualified consultant. If the proposed price exceeds the ABC, the bidder will be disqualified.
6. The BAC reviews each Financial Proposal, checks for its completeness, corrects any arithmetical errors, and corrects the recorded proposed prices, if warranted.
7. The BAC disqualifies a consultant if: a. It provides for a required item but does not indicate a price for it and is thus deemed as non-compliant, except that if it specifies a “0” (zero) or a “-“ (dash) for the said item, it would be deemed as having offered the item for free to the government, or b. Its corrected price exceeds the ABC.
8. The BAC computes the ratings of each Financial Proposal in the following manner:
 - a. The consultant with the lowest price gets 100 points.
 - b. The scores of the other consultants will be computed using the formula:

$$S_f = 100 \times F/F$$

S_f is the financial score,

FI is the lowest Financial Proposal and
F is the Financial Proposal under consideration.

Example:

Firm	Cost of Financial Proposal	Financial Score
A	P 1,100,000	P 1,000,000 / P 1,100,000 = 90.9 points
B	P 1,000,000	P 1,000,000 / P 1,000,000 = 100 points
C	P 1,500,000	P 1,000,000 / P 1,500,000 = 66.7 points

9. The BAC gives corresponding weights to the Financial and Technical Proposals of the qualified consultants, the weights having been determined in the pre-bid conference and indicated in the BDS. The financial proposal may be given a weight of fifteen percent (15%) up to a maximum of forty percent (40%).

10. The BAC adjusts the weight of the technical criteria such that their total weight in percentage terms, together with the weight given to the Financial Proposal, shall be equivalent to one hundred percent (100%).

11. The BAC multiplies the average score of each qualified consultant’s Technical Proposal with the percentage value allowed as weight for Technical Proposals. It also multiplies the rate earned by each consultant’s Financial Proposal with the percentage value allowed as weight for Financial Proposals. It then adds the resulting products of both operations for each consultant. The sum becomes the total score for the consultant.

The formula is as follows:

$$S = St \times T\% + Sf \times F\%$$

Where:

S is the Total Score;

St is the Technical Score;

Sf is the Financial Score;

T is the weight given to the Technical Proposal; and

F is the weight given to the Financial Proposal.

Firm	Technical Proposal					Financial Proposal					Total Score
	Ave. Score		Weight		Weighted Score	Score		Weight		Weighted Score	
A	86	x	0.7	=	60.2	90.9	x	0.3	=	27.3	87.5
B	84.2	x	0.7	=	58.9	100	x	0.3	=	30	88.9
C	85	x	0.7	=	59.5	66.7	x	0.3	=	20	79.5

12. The BAC ranks the consultants in descending order, with the consultant obtaining the highest total score being declared as the bidder with the HRB.

13. The BAC, through a Resolution, submits the results of its evaluation to the HoPE, identifying the consultant with the HRB, and recommending that the BAC be authorized to negotiate with this consultant.

14. The HoPE approves or disapproves the recommendations of the BAC within two (2) calendar days after receiving these from the BAC.

15. If the HoPE disapproves the recommendation, he shall state the reason(s) for the disapproval and instruct the BAC on the subsequent steps to be adopted. If the HoPE approves the recommendations, the BAC furnishes all participating short listed consultants with the results of its evaluation (ranking and total scores only). The results shall be posted in the PhilGEPS and the website of the Procuring Entity, whenever available, for a period of not less than 7 calendar days. (2016 IRR Section 33.2.4).

16. Within three (3) calendar days of the approval of its recommendations, the BAC invites the consultant with the HRB for contract negotiations, except for the financial proposal. In its letter of notification, the BAC shall inform the consultant of the issues in the technical proposal the BAC may wish to be clarified on during negotiations.

17. A Notice of Eligibility and Shortlisting indicating therein the schedule for the submission of Technical and Financial Documents shall be issued.

7. Bidding will be conducted through open competitive bidding procedures using non-discretionary "pass/fail" criterion as specified in the IRR of RA 9184.

Bidding is restricted to Filipino citizens/sole proprietorships, cooperatives, and partnerships or organizations with at least sixty percent (60%) interest or outstanding capital stock belonging to citizens of the Philippines.

8. The Procuring Entity shall evaluate bids using the Quality-Cost Based Evaluation/Selection (QCBE/QCBS), procedure. The Procuring Entity shall indicate the weights to be allocated for the Technical and Financial Proposals. The criteria and rating system for the evaluation of bids shall be provided in the Instructions to Bidders.

9. The contract shall be completed within **Ninety (90) Calendar Days**.

10. The **PA Bids and Awards Committee 1 (PABAC1)** reserves the right to reject any and all bids, declare a failure of bidding, or not award the contract at any time prior to contract award in accordance with Section 41 of RA 9184 and its IRR, without thereby incurring any liability to the affected bidder or bidders.
